

Order under Section 126 Residential Tenancies Act, 2006

Citation: NORTH EDGE PROPERTIES LTD v Obidapo-obe, 2025 ONLTB 95547

File Number: LTB-L-081426-22 (TSL-26615-22)

In the matter of: 80 St Clair Avenue East, Toronto, Ontario, M4T 1N6

Between: North Edge Properties Ltd Landlord

and

Refer to attached Schedule 2 Tenants

Your file has been moved to the Landlord and Tenant Board's new case management system, the Tribunals Ontario Portal. Your new file number is LTB-L-081426-22.

NORTH EDGE PROPERTIES LTD (the 'Landlord') applied for an order permitting the rent charged to be increased by more than the guideline for one or more of the rental units in the residential complex.

This Application was filed with the Board by the Landlord, North Edge Properties Ltd., on July 19, 2022. The first effective date (FED) identified on the Application is November 1, 2022.

This application was resolved by written hearing. The Board received submissions from the Landlord and the Tenants.

Preliminary Matters

1. The Board conducted a video Case Management Conference on April 15, 2025. However, the Application was not resolved at the Conference, so the Board directed the matter to proceed to a hearing on the merits. The Board determined the Application would be resolved by a written hearing.
2. On May 7, 2025, the Board issued a Notice of Written Hearing. The Board Ordered the Landlord to serve a Notice of Written Hearing together with a copy of the Application on each Tenant affected by the Application. The Notice of Written Hearing set the following deadlines:

- The Landlord was required to serve a copy of the Application together with a copy of the Notice of Written Hearing on the Tenants no later than May 27, 2025;
 - The Tenants were to make submissions in response to the Application by June 26, 2025; and
 - The Landlord was permitted to reply to any submissions filed by the Tenants no later than July 11, 2025.
3. The Board received submissions from the following Tenants or Tenant Representatives: Marko Radosevic, Syreeta and Karlton Scott (“the Scott Tenants”), Meiyin Gao, and Keegan Doherty (authorised representative for Tenant Jonah Allen Libster).
 4. The Tenant Marko Radosevic submits that they did not receive the Notice of Written Hearing until May 29, 2025, two days beyond the deadline set by the Board. However, the Tenant did not suggest they were prejudiced by this delay, and they provided responding submissions within the timelines set out on the Notice.
 5. In response, the Landlord referred to it’s Certificate of Service which indicates the Notice of Hearing was served on the Tenants by regular mail on May 20, 2025. The Landlord further submits it is clear the Tenant was made aware of the written hearing in plenty of time as he has exercised his right to file a response.
 6. I agree with the Landlord that the Tenant Radosevic was given sufficient notice of this written hearing and was not prejudiced by the two day delay in service.
 7. Additional communications were received by the Board from the authorised representatives of Tenant Susan Krane and the Tenant Gordon Shipley.
 8. As a preliminary matter, the Tenants Syreeta and Karlton Scott ask that the Board dismiss the Application as it pertains to their unit. The Tenants refer to a prior decision of the Board in TSL-21779-21, dated April 25, 2022, which they submit precludes the Landlord from increasing the rent for their unit. The decision arose from an application by the Landlord for an order to terminate and evict for non-payment of rent.
 9. The Tenants provided a copy of the decision, which reads:
 1. At the hearing, the Landlord sought to withdraw the application and the Board consented to the request.
 2. The application having been withdrawn, the Board’s file is closed.
 10. The Tenants submit “...the court also ordered that the rent for our unit be remained to what was prior to the illegal application. This judgement was to be

protected from any retaliation in the form of other increases, forward or retroactively before the end of the provided new ordered period set and enforced on the accompanying N1. This should render any retroactive applications unenforceable for our unit."

11. Although the Tenants refer to a "court" order they have provided no such order. The Order they provided is an order of this Board (TSL-21779-21) which does not contain any of the provisions referred to by the Tenants and, in any event, is not relevant to the Landlord's Application for an Above Guideline Rent Increase.

It is determined that:

12. I find that the Landlord has justified a rent increase above the guideline because the Landlord incurred an eligible capital expenditure for the residential complex or one or more of the rental units in it.

THE DEFINITION OF CAPITAL EXPENDITURE

13. The Landlord must lead evidence to establish that each of the capital expenditures claimed meets the definition of "capital expenditure" as set out in s. 18(1) of the regulation. It says:

"capital expenditure" means an expenditure for an extraordinary or significant renovation, repair, replacement or new addition, the expected benefit of which extends for at least five years including,

- a. an expenditure with respect to a leased asset if the lease qualifies as determined under subsection (2), and
- b. an expenditure that the landlord is required to pay on work undertaken by a municipality, local board or public utility, other than work undertaken because of the landlord's failure to do it,

but does not include,

- c. routine or ordinary work undertaken on a regular basis or undertaken to maintain a capital asset in its operating state, such as cleaning and janitorial services, elevator servicing, general building maintenance, grounds-keeping and appliance repairs, or
- d. work that is substantially cosmetic in nature or is designed to enhance the level of prestige or luxury offered by a unit or residential complex;

"ELIGIBLE" CAPITAL EXPENDITURES

14. In addition to meeting the definition of capital expenditure, each of the Landlord's claimed items must be an "eligible" capital expenditure.

15. Subsections 126(7) and (8) of the Act say:

(7) Subject to subsections (8) and (9) and except under the prescribed circumstances, a capital expenditure is an eligible capital expenditure for the purposes of this section if,

- a. it is necessary to protect or restore the physical integrity of the residential complex or part of it;
- b. it is necessary to comply with subsection 20 (1) or clauses 161 (a) to (e);
- c. it is necessary to maintain the provision of a plumbing, heating, mechanical, electrical, ventilation or air conditioning system;
- d. it provides access for persons with disabilities;
- e. it promotes energy or water conservation; or
- f. it maintains or improves the security of the residential complex or part of it.

(8) A capital expenditure to replace a system or thing is not an eligible capital expenditure for the purposes of this section if the system or thing that was replaced did not require major repair or replacement, unless the replacement of the system or thing promotes,

- g. access for persons with disabilities;
- h. energy or water conservation; or
- i. security of the residential complex or part of it.

THE 18-MONTH WINDOW

16. Pursuant to s. 26(2) of the regulation a rent increase shall not be ordered in respect of a capital expenditure unless the work was completed during the 18-month period ending 90 days before the effective date of the first intended rent increase referred to in the application. In this case the 18-month window is from February 3, 2021 to August 3, 2022.

17. The expenditure must also be "incurred" which essentially means the work must have been paid for prior to the application being filed. This is not an issue with respect to any of the items claimed in this application.

THE USEFUL LIFE

18. If the expenditure meets the requirements set out above, then the Board must establish the useful life of the work done in order to calculate the allowable increase.

19. Section 27 of the regulation says:

27. (1) The useful life of work done or a thing purchased shall be determined from the Schedule subject to the following rules:

- a. Where the useful life set out in Column 3 of the Tables in the Schedule is less than 10 years, the useful life of work done or a thing purchased shall be deemed to be 10 years.
- b. If, when a thing is purchased, it has previously been used, the useful life of the thing shall be determined taking into account the length of time of that previous use.
- c. If the work done or thing purchased does not appear in the Schedule, the useful life of the work or thing shall be determined with reference to items with similar characteristics that do appear in the Schedule.
- d. Despite paragraphs 2 and 3, for the purposes of making a finding under this section, the useful life of work done or a thing purchased shall not be determined to be less than 10 years.

(2) If the useful life of work done or a thing purchased cannot be determined under subsection (1) because the work or thing does not appear in the Schedule and no item with similar characteristics appears in the Schedule, the useful life of the work or thing shall be what is generally accepted as the useful life of such work or thing but in no case shall the useful life be determined to be less than 10 years.

Capital Expenditure

20. The Landlord justified a rent increase above the guideline because of capital expenditures. The maximum rent increase above the guideline is 0.51%.

21. The rent increase above the guideline does not apply to all of the units affected by the Application. Specifically, the increase does not apply to units in which the current tenancy began prior to the completion of the capital expenditure work done by the Landlord. See Schedule 3 for the unit specific increases.

22. The Landlord's application is for the following capital expenditure:

- a. Roof Replacement – remove existing & replace with 4 Ply New Roof.

Roof Replacement – remove existing & replace with 4 Ply New Roof

23. The Landlord submits work on the Roof Replacement was completed on March 1, 2022, at a cost of \$322,686.59.

24. The Landlord submits that the existing roof was original to the building and had

“outlived it’s usefulness”. The Landlord submits the roof was “Experiencing deterioration & water penetration problems.” The Landlord submits that the Roof Replacement was “...necessary to protect or restore the physical integrity of the residential complex or part of it” and is therefore an eligible capital expenditure pursuant to clause 126(7)(a) of the Act.

25. The Landlord provided the Board an engineering report from Brown & Beattie Building Science Engineering dated August 27, 2021. The report states:

“Our review of the roof identified widespread blistering, cracking and “blueberrying” of the roofing membrane. Overall, the roofing appears to be in poor condition at near the end of its serviceable life.”

26. The Tenant Meiyang Gao submits the Landlord’s Application “...lacks transparency, legitimacy, and justification”. The Tenant submits the “...absence of timely communication, proper authorization, and financial transparency has left many tenants feeling misled and excluded from a process that directly affects our living costs.”
27. The authorised representative for Tenant Jonah Allen Libster provided an e-mail from the office of their local City of Toronto Counsellor. The e-mail, dated April 10, 2025, states the Toronto Buildings Department inspected the residential complex after receiving a public complaint about work being completed on the roof without the proper permit. According to the e-mail, City staff could see that work had been completed on the roof but found “...no work here that represents anything that would need a permit.”
28. The Tenants K. and S. Scott submit that the Application should be dismissed in its entirety because the Landlord did not obtain a permit from the City of Toronto to complete the work claimed. They argue that any capital expenditures claimed by the Landlord “must comply with all applicable laws”, and since the Landlord did not obtain a permit from the City, the work cannot be considered an eligible capital expenditure.
29. In response, the Landlord submits there was no lack of transparency because notices concerning the roof replacement was posted in all common areas and on each floor of the Residential Complex on September 1, 2021, September 28, 2021, and October 1, 2021.
30. The Landlord submits the Report from Brown & Beattie demonstrates the roof replacement was necessary and did not require a municipal permit. They further submit that the issue of whether a permit was obtained for the roof work is not relevant to whether the work qualifies as an eligible capital expenditure.
31. The Tenant Marko Radosevic submits that while the work on the roof project was completed on 01/03/2022 it was “well underway” when they moved into the building. They submit the Landlord should have taken this expense into consideration when they set the rent for the unit when their tenancy began, and

they should not be subject to an above guideline increase as a result of this expenditure.

32. In response, the Landlord states that the Tenant moved into the building on August 1, 2021, and therefore does not dispute that the Tenant moved into the building after the work commenced. However, the Landlord reiterated that the work on the roof was not completed until March 1, 2022, and therefore the Tenant is not exempt from the above guideline increase resulting from the roof replacement.

Findings on the Roof Replacement

33. Based on the invoices and cancelled cheques filed by the Landlord, I find the total cost of the Roof Replacement work was \$322,686.59 and the work was completed on March 1, 2022. I therefore find that the Roof Replacement work meets the eligibility requirements of s. 26(2) of O. Reg. 516/06.
34. Based on the assessment of the condition of the prior roof in the Brown & Beattie Report, I find that the roof had deteriorated and was in need of replacement. Therefore, based on the Landlord's evidence and submissions, I accept that the installation of the new roof was required to protect the physical integrity of the building, and therefore constitutes an eligible capital expenditure under s. 126(7)(a) of the Act.¹
35. I can find no information in the Brown & Beattie Report supporting the Landlord's contention that there was no need for a building permit. However, the information filed by the Tenants from the City of Toronto suggests that the work completed on the roof would not require a permit. In any event, I agree with the Landlord that whether it had obtained the necessary building permit is not relevant to the determination of whether the work meets the test for an eligible capital expenditure under s. 126 of the Act.
36. As noted above, I find that the Landlord served the Notice of Written Hearing and the Application on the Tenants in a manner that allowed the Tenants to respond to the Application and reasonably participate in this proceeding. Therefore, I find that concerns raised by the Tenants with respect to "financial transparency" and "timely communication" are unsubstantiated.
37. Based on the completion date of this expenditure, I find that the Roof Replacement is an eligible capital expenditure for all rental units listed on Schedule 1 to this Order, including the unit occupied by the Tenant Radosevic.²
38. The Landlord submits that the anticipated useful life of the new 4 Ply Roof is 20 years. This is consistent with the useful life of similar roofing systems a new

¹ Subsection 18(1) of O. Reg. 516/06, states that the term "Physical Integrity" means "...the integrity of all parts of a structure... that provides a weather envelope and includes the integrity of the roof..."

² See subsection 126(9) of the Act.

“four-ply roof” which is Item 13 on Table 6 of the Schedule titled “Useful Life of Work Done or Thing Purchased”, which forms part of O. Reg. 516/06 (the “Useful Life Schedule”). I therefore find that the anticipated useful life of the roof replacement is 20 years.

Other Written Submissions

39. The Tenants K. and S. Scott raised several issues pertaining to a prior application involving the Landlord. As noted above, issues concerning the prior application brought by the Landlord for termination and eviction for non-payment of rent are not relevant to this Application.
40. The Tenants also raised issues concerning Notices of Rent Increase they allege were not properly served by the Landlord. The Board does not have jurisdiction to address issues concerning Notices of Rent Increase on an Application under s. 126 of the Act.

General

41. The first effective date of the rent increase above the guideline is November 1, 2022.
42. The weighted useful life for the capital expenditures is 20 years. What this means is if any Tenant subject to this order is still living in their rental unit when the weighted useful life has ended, the Landlord must reduce the rent by the percentage increase for the capital expenditure. Refer to the example in Schedule 4 for how that date is determined.

It is Ordered that:

1. The Landlord may increase the rents charged by the percentage increases and within the time periods set out in Schedule 3.
2. The percentage increase set out in Schedule 3 may be taken in addition to the annual guideline in effect on the increase date for the unit.
3. The Landlord or the Tenants shall pay to the other any sum of money that is owed as a result of this order within 90 days of the date of this order.

December 23, 2025
Date Issued

James Gorham
Member, Landlord and Tenant Board

15 Grosvenor Street, Ground Floor
Toronto ON M7A 2G6

If you have any questions about this order, call 416-645-8080 or toll free at 1-888-332-3234.

Important Notes:

1. The landlord may increase the rent charged by the ordered increase within the time period specified if at least 12 months have passed since the last rent increase or since the tenant moved in, and if the landlord has given the tenant at least 90 days proper Notice of Rent Increase. Any part of the ordered increase that is not taken within the time period specified cannot be added to subsequent rent increases in subsequent time periods.
2. If the landlord has given a Notice of Rent Increase for a rent increase that is less than the ordered increase, the landlord may only take the rent increase set out in the Notice.
3. If the Tenant's rent is increased pursuant to the percentage increase ordered for capital expenditures and the same Tenant remains in the unit after the expiration of the weighted useful life for capital expenditures, then the rent will be reduced. Refer to Schedule 4 for information about the date and amount of the rent reduction.
4. The annual guideline for 2022 is 1.2% and for 2023 is 2.5%.

Schedule 4 - Rent Reduction related to Capital Expenditures:

A. Date of Rent Reduction

If the Tenant's rent is increased based on capital expenditures during the period 2022 then:

The date of the rent reduction will be the day before:

- the date of the Tenant's first rent increase under this order, plus
- the number of years for the weighted useful life for capital expenditures for the unit (set out in Schedule 3).

Example:

If the Tenant's rent was increased on June 1, 2021 and the weighted useful life for capital expenditures is 10 years, then the rent will be reduced on May 31, 2031.

If the Tenant's rent was *not* increased based on capital expenditures during the period 2022 but was increased during the later periods set out in the order then:

The date of the rent reduction will be the day before:

- the First Effective Date of Rent Increase in this order, plus
- the number of years for the weighted useful life for capital expenditures for the unit (set out in Schedule 3).

Example:

If the first effective date of increase in this order is April 1, 2021 and the weighted useful life for capital expenditures is 10 years, then the rent will be reduced on March 31, 2031.

B. Amount of Rent Reduction

If the Tenant's rent is increased by the total percentage increase set out in this order then:

The rent must be reduced by the total percentage increase set out in this order for capital expenditures.

If the Tenant's rent is *not* increased by the total percentage increase set out in this order then:

The rent must be reduced by an amount determined in accordance with the prescribed rules which may be equal to or less than the total percentage increase set out in this order for capital expenditures.
